WINGS OF THE DAWN

On Wings of the Dawn - Resurrection in Light
God's Glory and Splendor consuming Earth's night,
Enfolds all the World in Its Great Cosmic Love,
On this Easter Morning from Jesus above!

Behold in the Light! His Great Conquering Power,
Illumining all with His Mastery each hour!
His Victory of Light from the Great Central Sun,
Is now God's Full Freedom released to each one
Who, facing the Light — "The Almighty I AM,"
Surrenders completely! Lets It take command!

In Loving compassion, the Great Violet Flame,
Released in Its Fulness by Blest Saint Germain,
Spreads over — around us — Its Mantle so brignt,
Consuming forever all less than God's Light!

In Beauty transcendent the Earth is reborn —
Redeemed by Light's Power on this Cosmic Morn!
With Arms reaching toward us, Our Messenger stands,
Now drawing us upward — now holding our hands!
Our Heart's Light is bursting in Love now to Him!
God's Flame now enfolds us — The Great Elohim!

BELOVED SAINT GERMAIN'S DISCOURSE

WASHINGTON, D.C. APRIL 16, 1938

BELOVED STUDENTS OF WASHINGTON and from the various cities of America and South America, rejoice with Me in having gained ninety percent in the accomplishment of the Victory of the Light, and I wish to assure you that this would have been greater, but We were compelled to use the energy for other things quite as important just now in your Capital.

I thank you, Beloved Ones, for the acknowledgment of your determination to stand in the Light, not only for your own Perfection, but the Glory of all that is required for the Earth today.

There are certain Cosmic Activities taking place which I am trusting We may say something about tomorrow, but if not, do not be disappointed, for We cannot speak of these things except when they have reached certain activities, unless it is to call your attention for your assistance. This Cosmic Activity comes through the fact that you have made the Call. If this reaches Its Accomplishment before the close of the Class tomorrow, then We shall let you know, and if not, then as soon as It is accomplished.

I could scarcely have hoped for all that has been accomplished in this City since the arrival of the Beloved Messengers. I want to say to those who are gathered here, could you have seen the past two days, today and tomorrow, the Currents of Light and Energy pouring forth from the Groups of Students all over the United States, and now from the World — to My Great Delight, from Scotland today came a Great Ray of Light that has been generated by those Students there — I think tomorrow We shall have something further to report to you that will leave your Hearts in Great Joy. This was a surprise which the Great Divine Director has held within His Own Heart. I trust that He may choose to reveal It to you tomorrow.

We want you to know the Great Achievement of the Call from your Great Hearts of Light and *All* that It means individually

for America and the World. In the past fourteen days I have not only been simply surprised, but *Electrified,* by the change in the feeling of the mass of the people in America.

Through the farmers and vegetable growers and the people who produce the food for America, Beloved Victory has, of His Own Volition, rendered a certain Service there, that is going to give Protection and bring alertness and a feeling of their own dominion, that will be a Great Blessing to America.

Beloved Ones, I want to call your attention again today to your Mighty Activity through these Mighty Decrees going forth in the mental and feeling world of mankind. It is making possible things that you could not dream at this time, because humanly, you cannot see their far-reaching power, their far-reaching activity — because what is there of you? Of course, you have those physical bodies, but what is the reality of you? Your feeling and mental world, is it not? Then that Power which is you, is the *One Power, Intelligence and Energy* everywhere present — the *One* feeling world, the mental world, the physical world, all necessarily interblending. Then do you not see that in the *Trinity of Action* in which your physical body is but the outpicturing of that which the feeling and mental world produces, then is not your feeling and mental world more than two-thirds of you? Do you not see that?

Therefore, try to feel more, more and more the *Importance,* the *Imperative Need* and the *Infinite Activity* of your Mighty Decrees sent forth.

Beloved Students, I do not wish you to feel that We have been severe in the past in holding you steadily to a certain definite pattern of activity, but if you had not done this, We could not have accomplished what has been so far. With your happy, joyous obedience to the things that We see most needful, well then, We may continue on in the Great Achievement, until We will be able to show you why these things were so, from the Higher Octave. Then, you too will understand firsthand, as We do, why it has been necessary.

So today, I just take advantage of this opportunity for these few words to again give you the Courage, Strength and Prompting to go on and on in the Great, Great Activity of the Power of

Light which you are today able to call forth. *There is no limit!* Will you not feel that? *There is no limit in you today,* you earnest, wondrous, sincere Students of the Light! Oh, I know sometimes you do not feel quite sure that you are gaining such a Victory, but nevertheless, I assure you, you are. I know from your standpoint, that you are not yet fully aware, so please take My Word for it until you see the Full Outpicturing. It is *Magnificent!*

Now let Me confide in you for a few moments. Now you might think that the Ascended Masters, while They can know all things, and do know all things concerning whatever They wish to focus Their Attention upon, no Ascended Master can know just what human beings are going to do; because They cannot compel them to do certain things.

Therefore, when I say to you today, twenty times what I had even hoped for has been achieved in less than four years — twenty times! Therefore, as the Great Momentum is gained, now remember, this is quite a different thing from your individual momentum. While it is a part of the same activity, yet this Great Momentum gained from the mass activity of the Students in America and throughout the World, is a Power which the Cosmic Light is taking up into action. Some of the things which I did not conceive of at the time, have taken place beyond My fondest hopes!

Now notice the difference, Beloved Ones. This should be of infinite encouragement to you. In the times in the centuries before, when We have tried to get the attention and the assistance of mankind, think how utterly We failed — not that We in Our Efforts were a failure, but the failure of mankind to respond to the thing that would have given them their Freedom. This I have not called your attention to before; but I want to today for a definite reason, which you do not yet understand.

In the eleven-hundred period, it was a point in the Activity of the Cosmic Light, when a similar thing could have been done, which the opportunity affords today. That point of the Cosmic Activity was not continuous as it is today, but for a period of fourteen months in which the Inner Light of Richard the Lion-Hearted impelled him forth. Had the harmony been held about him, the

whole phase of the World would have been changed. Today, We are accomplishing what might have been, at least to a large degree, accomplished then. So you see how mankind and the principle reason for not taking advantage of that at the time, was because the Cosmic Light did not permit This Knowledge, this Chart of the "Beloved Mighty I AM Presence," to come forth then.

Beloved Ones, you look upon this Chart every time you come into the Classroom. You have become quite accustomed to It, have you not? You look at It in your own home, and I congratulate you that so many of you do adore that Chart and the "Presence" which It represents to you. Beloved Ones, once you awaken to the Power of the "Presence," there will not be one who will not have his immediate freedom!

You will remember, in Long Beach when the Messengers were there, about a gentleman who was helpless in bed. A Student took a copy of the Chart, placed It where he could look at It, lying in bed, and the next morning he got up well! Now that is a perfectly natural process, because his attention, being held undivided upon that "Presence," which the Light took opportunity and advantage of, dismissed and dissolved the conditions of that accumulation which had made him helpless. Such is the condition that is acting in the World today. Precious mankind, who have, by their mistaken ideas, forgotten their Source, have clothed themselves with these limitations; yet, in spite of that, like the man who was helpless, so is humanity awakening. Through the power of the mass of mankind's attention — the same as that individual — will be the Healing of the Nation. It is awakening today!

Will you convey My Great Love and Gratitude to the Students and the individuals who are making the Radio talks and transcriptions possible everywhere throughout America? It is a magnificent Service, and I congratulate and hold Our Beloved Lotus forever in My Embrace of Light, for Her Courage and Strength and Limitless Energy that has prepared and made these possible in the editing and getting them ready. Beloved Ones, you have no idea the few hours that child sleeps in order to render This Service to the people of America.

Thank you, Beloved Ones, and in clothing the Beloved

Messenger with My Love, I also enfold My Beloved Lotus in My Embrace of Light, and with that Limitless Energy, with that Happiness, Health, Strength and Courage that leaves Her untouched by any human discord in the World in the future. May the Fulness of Her Heart's Desire find Its response in the Light of Her Own "Presence" and that Enfolding Presence of the Ascended Masters, Who crown Her with the Crown of Light for all that Service which She has rendered.

Beloved Lotus: (Answering) Thank You, Beloved One. May It ever expand without limit until all mankind is released into the Ascended Octave and forever Free. That is the only thing I live for. May we all do the Work which is necessary to do that quickly, and I thank you without limit forever for Your ever-watchful Care and Your Love. It has been *All* of everything to us. Thank You.

Beloved Saint Germain: (Continuing) I thank the Staff for being willing to give the Obedience to My Requests that have made other things possible. May that Obedience grow more beautiful, more wonderful until the Full Outpouring of All that I desire flows forth. Then you, Oh, Beloved Students of the Light, can know how *Great* is Our Love for you, because of your willingness to give Obedience to the Great Law of your Life that makes all things possible. Without that, We too would be helpless. We could not release the Powers, because We require your release of your energy from the human octave to enable Us to do these things. But for your assistance, We too would be helpless to give you the Assistance and the Freedom which you are having, and which We so long to give, and have throughout the centuries.

Your "Presence" — and could you see the rejoicing of your own Higher Mental Bodies — I tell you, It is the most Majestic Thing I have ever witnessed. Sometimes when your Great Joy and Love releases in these Classes, were you to see in the Octave above your own Higher Mental Bodies, the rejoicing which takes place in the attention which you are giving to your "Presence," It would be an Eternal Everlasting Thing in your Life and in your world; and *That* is the Glory of Its Mighty Ever-Sustaining Activity! And I thank you, Beloved Ones, with all My Heart.

Beloved Lotus: Thank You for Your Love that has made all

things possible. Our Blessed Saint Germain, may the Mightiest Power of the Great Central Sun and our own "Mighty I AM Presence" bless You forever with our Greatest Love, Adoration, and Eternal, Complete and Unconditional Obedience. We thank You, Beloved One, forever.

Beloved Saint Germain: I want to give you My Love and Blessing. It may be necessary, according to the requirements tomorrow, for Others to take My place in talking to you; therefore, today I leave with you My Love and Blessings with the Fulness of Its Infinite Power. Yes, it is true, I am gathering Power Greater and Greater, for I have a Determination that this time, My Beloved People, *shall not fail!* And if you will give Me your Love and Attention, as you have been, in Its Ever-Expanding Activity, then *we shall win the battle,* whatever it is!

By That Power of Light, I thank you, and want you to know that everywhere throughout America and the World, Mighty Rays of Light and Love pour out to the Groups and individuals, and all who are earnest and sincere, to their Eternal Victory in the Light. I thank you.
